Product description

Video indoor station Siedle Basic: Video handsfree station for surface mounting.

Entry-level device with all essential functions in the accustomed standard of Siedle quality. Minimized ergonomically optimized design with simple operation and clear symbolism, excellent acoustics and image reproduction.

Functions

Calling, speech, vision, door release, light

Highlights

- Intuitive, safe operation with only two clearly distinguishable buttons
- Button design with adequate spacing reduces operating errors (unintentional door release)
- Excellent speech reproduction and high volume thanks to optimized acoustics
- High-grade video transmission
- Automated commissioning (Plug+Play)
- Handy 2-step mounting: Base plate with terminals can be pre-installed, toolless final assembly

Other performance features

- 8.8 cm (3.5 inch) TFT colour display
- Colour and brightness can be set in seven stages
- Speech volume adjustable in five stages
- Call volume adjustable in five stages up to max. 83 dB(A)
- 11 call tones
- Call differentiation: Storey call, 2 door calls and internal call from standard/deluxe indoor stations
- LED status display: Incoming calls, active call, muting
- Door release/light function via the bus line
- Manual door connection even without a door call
- Parallel switching of max. 8 indoor stations without internal speech operation
